

RiverLink is **NOT** a *Satellite TV* company *trying* to install *Internet*

We are a *Computer Network Company* that has been installing

Rural High Speed Internet since 2004

Based in Cornwall, we have over 2,000 satisfied customers in Eastern Ontario.

Telesat Transmit & Receive HiSpeed Internet Satellite. Equipment is FREE

900 Fixed Wireless Up to - 3 Mbits speed

The boys putting up a Tower

Fixed Wireless 2.4 Up to 5 Mbits/sec.

Do you have more than one computer? Want them all on the High Speed at the same time? We sell and install all the cables & gizmos to hook everything together.

Two neighbours share the cost of a tower. Note the dark circle. This is a wireless bridge feeding the more distant neighbour. These devices connect neighbours, barns in-laws, offices etc. etc. Ask us.

We also build Towers if you need to get up over those trees
